

Training Agenda

8:00-8:45am	Registration, Breakfast, Networking
8:45-9:00am	Introductions & Overview
9:00-9:15am	The Importance of Future Proofing for PCI DSS v4.0
9:15-10:00am	Accuracy Matters With Scope <ul style="list-style-type: none">○ Definition & examples of scope○ Components of scope○ Best practices to assess scope
10:00-10:15am	Morning Coffee Break
10:15-11:00am	Deciphering the PCI DSS Requirements <ul style="list-style-type: none">○ Characteristics & structure of a requirement○ Requirement frequencies○ How requirements interact with each other
11:00-11:30am	Scope & Requirement Activity - TBA
11:30-11:45am	Overview: Demystifying the Critical Controls for Continuous Compliance
11:45-12:30	Lunch

Training Agenda

12:30-1:30pm

The most common gaps with Vulnerability Management

- Quarterly requirements
- Remediation process & schedule
- Patching - the 30 day rule
- How requirement 11 interacts with req 2 & 6

1:30-2:30pm

Uncover the hidden gotchas in Configuration Management

- Configuration standards
- Configuration scan policies
- Build clean/keep clean process
- Break/fix process & recommended remediation schedule

2:30-2:50pm

Afternoon Cookie Break

2:50-3:20pm

Detect and remediate logging failures

- The 24 hour logging rule
- Daily security monitoring

3:20-4:00pm

Future proofing critical controls with automation

- Scope reconciliation
- SIEM
- Automating vuln scans, config scans, log & firewall reviews, and more
- New PCI DSS v4.0 requirements

4:00-4:30pm

Wrap up, Final Q&A, Polaris PCA Demo

5:00-6:00pm

Happy Hour & Networking
